

## CDM CONSULTING SERVICES

### *Project Scope*

Off-site Hospital CDM consulting to address the following areas:

#### 1. Once yearly **Hospital CDM Review/Update\***

- NuBase will benchmark the Hospital's CDM against an updated and current database utilizing the NuBase software tool to identify any coding/update changes or corrections required to be made to the Hospital CDM
- NuBase will provide a report identifying recommended changes/corrections to be made to the Hospital CDM within three (3) weeks after receipt of the Hospital CDM in the specified format for loading into the NuBase software
- NuBase will provide follow up consulting with a NuBase CDM Consultant for 45 days after providing the updated Hospital CDM back to the Hospital

#### 2. **Remote Access to CDM Consulting Services**

- Access to a NuBase CDM Consultant via phone or email five (5) days per week during regular business hours to assist in answering CDM related questions, including questions regarding coding and compliance issues, interpretation of regulations, and reimbursement issues specific to Medicare regulations
- NuBase responses will be provided back to Hospital within 24 to 48 hours after receipt of the question(s)

\*Active CDM items only (items which have had usage during the past 12 months)
